Mobile: +91-8574222109

## Skills

- **Languages**: Python, C++, C
- **Frameworks/Libraries**: HTML and CSS, NumPy, Matplotlib, Seaborn, Pandas
- **Tools/Platforms**: MySQL, MongoDB, Power BI, Excel, Docker
- **Soft Skills**: Problem-Solving, Storytelling, Project Management, Adaptability, Attention to Detail

## Projects

- **Analyst's Assistant for Exploratory Data Analysis (EDA):** GitHub — August 2025
  - Designed an AI-powered EDA Chatbot using NLP and LLMs to function as an Analyst's Assistant.
  - Implemented a conversational interface that translates plain-English queries into executable Python Pandas code.
  - Performs on-the-fly data loading, statistical summarization, and cleaning operations based on text commands.
  - Built dynamic visualization capabilities (histograms, box plots, etc.) from simple user prompts.
  - Utilized Python, LLM APIs, and prompt engineering to accelerate data exploration and insight discovery.

  **Tech:** Python (Pandas, Matplotlib, Seaborn), Gemini, Flask
- **College Placement Analysis Dashboard:** GitHub — February 2025
  - Designed an interactive College Placement Analysis Dashboard.
  - Leveraged data modelling and ETL processes to parse and structure a raw Kaggle dataset of student profiles.
  - Implemented key performance indicators KPIs and correlation analyses to statistically measure and visualize
  - The impact of variables like CGPA, IQ, and internships on placement success.
  - Built a user-friendly, multi-page dashboard interface complete with dynamic filtering and drill-down capabilities.
  - Enabled stakeholders to derive actionable, data-driven insights.

  **Tech:** SQL, Python (NumPy, Seaborn, Matplotlib), Power BI

## Certificates

- Build Generative AI Apps and Solutions with No-Code Tools | Udemy — November 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | Udemy — September 2025
- Computational Theory: Language Principle & Finite Automata Theory | Udemy — August 2025

## Participations

- **Poster Presentation & Idea Pitching Competition**: — October 2025
  Pitched an original creative idea which stood up as top 10 among 50+ participants

## Education

**Lovely Professional University** — Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 6.1 — Since August 2023

**Singhania Educational Institute** — Sitapur, Uttar Pradesh
Senior Secondary; Percentage: 84% — April 2022 - March 2023

**Singhania Educational Institute** — Sitapur, Uttar Pradesh
Secondary; Percentage: 73% — April 2020 - March 2021
